HAPPY FAMILIES

Happy Families is a card game that you can play with one or more of your friends using your **Stories for My Little Sister** cards. The aim of the game is to collect as many families of cards as you can.

How to play Happy Families

1. To play Happy Families, you will first need to make your very own **Stories for My Little Sister** cards. If you have not done this yet, instructions are available at:
www.storiesformylittlesister.com/extras/card-games/playing-cards-instructions.pdf
2. Now you have your cards, shuffle the deck well.
3. Next, deal all of the cards face down to the players, distributing them as evenly as possible.
4. The players should all hold their cards in their hands so that the other players cannot see the card faces.
5. The first player asks another player for a card from a specific family. In order to ask for this, they must already have a card from that family. If the other player has a card from that family, then they must give it to the player that asked and the first player gets another turn. If the other player does not have a suitable card, then it becomes their turn to ask for a card. When a player acquires a full family of four cards, they should place them face down in front of themselves. Play until all the cards have been grouped into families. The player who has the most families at the end of the game is the winner.
